

High Point Dems In Action – 08/21/05

Self intro – Lloyd, Kirby, John Linton, Chris Goyette, Al, Bob, Lynn, Emma, Julia, Martha, Robert Healy, Sondra Anderson, Abraham Arock.

Discussed vigil and what a success it was. 60-70 people.

Dostal suggested money for supplies. No one wanted to be treasurer; went to Kirby to spend.

Bob suggested if we do Vigil again that we get a permit to make it legal. Policeman was very nice and there for our protection.

Lloyd gave us a presentation on language. How to frame our presentation. How to counter the right. This is a way to gain the upper hand.

Progressive is a good term to describe us. Liberal has gotten tainted. Look up definition of liberal.

Emma's article was worth reading; nice job.

Home work assignment; What matters – Media reform, positive response, serving the least served, corporate disloyalty, regressive/progressive framing, politicians reflect our needs, justice, healthcare, ss, economy + China, racism (hypocrisy), greater voter participation, supreme court nomination, equity + education (Schools & Pay), unemployment-underemployment, equal right for all, separation of church from state, save environment, choice, mass transit, energy...

What are actionable items and what are our priorities? What are our limitations?
